

# The Audacious Love of Jesus

## Community Group Discussion

As we take time this week to focus on our vision to be a church that loves audaciously like Jesus loves us, we want to have a discussion tonight about what this means in the context of our church community.

### **STARTER**

What have been some of the highlights about being in a community group over the past six to nine months

### **GETTING INTO THE SCRIPTURE**

Please break into a few smaller groups and in each of these Scripture passages look for characteristics or purposes of Gospel community.

1. 1 Peter 2:9-12
2. 2 Corinthians 5:17-6:1
3. Ephesians 2:15-22

Using the characteristics and purposes found above, please take a few moment to describe a picture of what a life-giving community look like in action.

If there are ideas there that are not a part of the group currently, how can we incorporate some of these ideas into our community group?

### **MAKING IT REAL**

How can we grow in making our community being a lifestyle (part of living out our faith together) and not an event (something that simply takes place once a week)?

What are the strength, weakness, opportunities, and threats in our community group? (An opportunity is what we can do to accomplish our vision as a group and threats are thing that would prevent us from having Gospel community and being on mission.)

### **PRAYER**

Pray for the future growth and multiplication of your group. Both for your growth in relationship with God and the glory of Jesus.
