What is the most significance of Easter to you personally?

As we continue to celebrate the death and resurrection of Jesus, we will take time tonight to reflect on one of the Gospel passages and remember Jesus together.

Reflect

Please select your favorite Gospel passage and read about the crucifixion and resurrection of Jesus.

As you read about the crucifixion, what seems unique about the actions of Jesus in his final moments?

How do some of the things that Jesus says tell us what he was thinking about as he was being crucified?

What details about the resurrection are specifically mention in your Gospel?

Apply

What does the fact that Jesus resurrected from the dead mean for the faith of those who follow Him? How does it change what we believe about death, life, and everyday living?

What does it tell us about God that he would take a horrible event like a crucifixion and turn it into the greatest moment in human history through the resurrection?

How does the fact that Jesus is alive today affect how we share the Gospel with others?

Please take some time in prayer to thank Jesus for his sacrifice and for defeating sin and death.
