Experiencing God through the songs of his people.

Hope in Christ (Psalm 110) *HOME DISCUSSION GUIDE*

Have you ever used the phrase, “I hope it works out”? We all have at some point used the word “Hope” to describe something we are expecting. The very definition of hope is this; *a feeling of expectation and desire for a certain thing to happen*. Many of us have said things like this: “I hope I get rewarded”, or “I hope I get a better job”, or “I hope they don’t run out of Reese Peanut Butter Cups”. We use this word hope all the time, because we have a desire for a certain thing to happen.

CONVERSATION STARTER

Pastor Jason said “*There is endless hope for those who follow Jesus.*” What are hoping for next in life? How do you see Jesus helping you in fulfilling that hope?

GETTING INTO THE SCRIPTURES

Please read aloud Psalm 110.

VS. 1 Hope is Found in Christ’s Presence – How do you prefer to practice being in the presence of Jesus? Why is that meaningful to you?

VS. 3 Hope is Found in Christ’s Provision – In what way do you need Jesus to provide for you right now? Is there a way that He can use you to provide for others in need?

VS. 5 Hope is Found in Christ’s Power – In what area of your life do you feel weak right now? What can you ask the Holy Spirit for to empower you for to deal with this weakness?

MAKING IT REAL

When we think about the vision of “Loving Audaciously” it should cause us to love by being an encouragement to others. We can spread hope and love through encouragement. Who can you encourage with the hope of Christ this week and how will you do so?
