

CHURCH MULTIPLICATION

The U.S. Alliance family works together to discover, develop, and deploy emerging leaders for greater Kingdom impact through church planting.

VISION

We envision a movement of local churches that plant multiplying churches.

MISSION

To advance a church planting multiplication movement throughout The Alliance in order to fulfill the Great Commission.

COMMITMENT

We will champion this vision in partnership with Alliance districts by empowering our churches to expand their capacity for planting healthy, reproducing churches in the United States.
